

minor scales 1 - natural

- There are 3 different types of minor scales: natural, harmonic, melodic
- A natural minor scale starts on the 6th note of its relative major. It has the same key signature with no additional changes.

To build a natural minor, use the combination **WHWWHWW**

Build the following minor scales using LETTERS ONLY.

* Natural minor scales, like major scales, have the same notes ascending + descending*

1. c#

2. b

3. a#

4. a

5. ab
